## **Press Summary**

The Museum forms of two parts: HIGH GALLERY and LOW GALLERY. Between them is a peaceful outside gallery SCULPTURE PARK.

HIGH GALLERY is the Entrance Building of the Museum. It is a high open space with Galleries in four levels. Above them is a level with Roof Gallery, Cafe and Lookout Terrace.

HIGH GALLERY forms a new rectangular square with the nearby buildings. It is the Endpoint of 1200 m long perspective trough the most important squares of the city.

LOW GALLERY is a Flexible Hall for Exhibitions. The hall is divided in parts with immovable Walls but depending of the Exhibitions it is possible to make unlimited circulations. Some walls are turnable and some walls are portable with wheels.

SCULPTURE PARK is a peaceful Outside Exhibition Space between the buildings and open to the sea.
